

# LEARN Partnership

## What you can do

Partner with LEARN because together we can ensure the successful passage of the November 2, 2004 referendum. This referendum is vital to our community, our children, and our future.

LEARN is a group of citizens dedicated to improving public education in our community. LEARN needs your help.

Your financial support will be used to fund flyers, banners, yard signs, special event booths, mailings, and open forums – all with the purpose of informing our community.

Select a partnership level, and help support a better future.
